

Lexus completes the half dozen

Lexus completes the half-dozen: "The Loft" at Brussels Airport was named "Europe's Leading Airport Lounge" at the World Travel Awards for the sixth time in a row. The luxurious lounge area was created in 2018 in collaboration between Lexus and Brussels Airlines. The lounge, which covers over 2,000 square meters, is based on Japanese customs and traditions. Guests are greeted with a traditional warm oshibori towel as they enter. Shiatsu massage chairs, Grohe shower facilities and a bedroom with a starry sky invite guests to relax and enjoy themselves. There is a central bar, comfortable seating areas and a break-out area for undisturbed work.

The World Travel Awards (WTA) were established in 1993 to recognize excellence in all major sectors of the travel, tourism and hospitality industry. (aum)
