

## **MG celebrates big at Goodwood**

MG is 100 years old and will be celebrating the anniversary in a big way in its former home country of Great Britain. The brand will be appearing at the Goodwood Festival of Speed (July 11-14) as the "Central Display Partner" of the event's famous sculpture. In addition to the Cyberster electric roadster presented last year, the new MG 3 Hybrid Plus will also be unveiled. Historical and future models from the brand will also be on show. (aum)
